Barbatellando the longest party of the year

BARBATELLANDO THE PARTY 9th edition!

JULY 20 from 6 p.m.

We are ready for the **9th edition** ... our most festive date is coming, don't make any other commitments because you can't miss it!

Our hill dresses up for an evening that we hope will be unforgettable again this year.

The fabric that makes it beautiful is the participation of so many friends who collaborate with us, some since the first edition, some for a few years and some will be with us for the first time...
